The Wicked Witch Doctor (WWD)

Bound by Chains

The beginning of time — Present Day

The WWD (Wicked Witch Doctor) lays traps and pitfalls that trip up innocent people every day. He can rob you of your passion, dreams and hard work. He is an evil villain on a mission to cast potions of destruction, corruption, disease and death upon all who allow it. The Wicked Witch Doctor is grotesque, evil and hideous in every way. He will try to trick you into believing he is good by assuming a pleasing appearance. He will use this disguise to make a wrong move seem appealing to you, so it is important for you to learn to be a good judge of character. Then you will recognize him whenever he appears and can send him away quickly.

You have the power to protect yourself from nasty tricks and to realize your full potential. Think about the consequences of your every action and stay away from bad influences. Protect your passion—guard it jealously and stay on course. This is the path to achieving your goals.

“The Wicked Witch Doctor” & “Bound By Chains” songs are available on the following sites: CD Baby, Rhapsody, iTunes, Amazon MP3, Myspace Music.
